Sostravel, founded in 2017 by Rudolph Gentile, is a world leader in information services for airport passengers. The Company operates under the "Sostravel" and "Flio" brands and, through the Sostravel App, proposes itself as an "aggregator" of a range of assistance services for air passengers throughout the journey, from departure to arrival in the destination airport, with the aim of becoming, for the latter, an important point of reference "before, during and after the trip".
